Secretary

December 3, 2001

Mr. Richard Carey  
Septech Industries  
1799 7<sup>th</sup> Ave N.  
Lake Worth, FL 33461

Dear Mr. Carey:

This letter is to acknowledge receipt of the information concerning the product "**Septech 2000/Enspor Block II B**" for statewide use in Florida. No product sold in the state for use in onsite sewage treatment and disposal systems may contain any substance in concentrations or amounts that would interfere with or prevent the successful operation of such system, or that would cause discharges from such systems to violate applicable water quality standards, section 381.0065(4)(m), Florida Statutes.

The staff has reviewed the information provided in the MSDS, 96-hr LC<sub>50</sub> toxicity test results, and laboratory results on volatile organic compounds for the product. The department has determined that the product, **Septech 2000/ Enspor Block II B**, to be in compliance with s. 381.0065(4)(m), F.S. and has no objection to the use of the product in accordance with manufacturer's specifications. Please be advised that all rules pertaining to the use of the products shall be observed and that there shall be no advertising of the products as state approved.

Be advised that the department is not a testing agency and that this determination reflects only a review of the information submitted by you for compliance with Florida Statutes and Florida Administrative Code. The product evaluation does not investigate the validity of performance claims by manufacturers. For this reason, departmental acceptance must not be interpreted as certifying effectiveness, endorsing or recommending use of an additive. The Florida Department of Health also does not assume liability for any promise, guarantee or expectation from purchasing or using an additive. The department reserves the right to withdraw acceptance if product formulation or ingredients are modified after product evaluation by the department or subsequently found not to be in compliance with rule.

This letter of product compliance is limited to Department of Health jurisdictional circumstances as defined in Chapter 64E-6, Florida Administrative Code and Chapter 381.0065, Florida Statutes.

If we may be of further assistance or should you have any additional questions regarding this letter, please call Dr. Sonia Cruz at (407) 317-7325.

Sincerely,

Gerald Briggs, Chief  
Bureau of Onsite Sewage Programs

Division of Environmental Health, Bureau of Onsite Sewage Programs

May 22, 2002

Richard J. Carey  
Septech Industries, Inc.  
1799 7<sup>th</sup> Avenue North  
Lake Worth, FL 33461

Dear Mr. Carey:

This letter is to acknowledge receipt of the information concerning the products "**Septech 2000 family of products**" for statewide use in Florida. No product sold in the state for use in onsite sewage treatment and disposal systems may contain any substance in concentrations or amounts that would interfere with or prevent the successful operation of such system, or that would cause discharges from such systems to violate applicable water quality standards, section 381.0065(4)(m), Florida Statutes.

The staff has reviewed the information provided in the MSDS and verified that the additional products have the same formulation as the authorized "Septech 2000" and that the product Septech 2000 is marketed under various names. Since the department had determined in a previous evaluation that the original product Septech 2000 was in compliance with section 381.0065(4)(m), F.S. and the following products have the same formulation and will be used at the allowable application rate of 0.2 grams per liter, the department has no objection to the use of the following products in accordance with manufacturer's specifications:

Septech 2000 Septic System and Drain Maintenance  
Septech 2000 ST Septic Tank Treatment  
Septech 2000 RV  
Septech 2000 Marine  
Septech 2000 DM Drain Maintenance  
Septech 2000 GT Grease Trap and Drain Treatment  
Septech 2000 Microbial Floor Cleaner

Please be advised that all rules pertaining to the use of the products shall be observed and that there shall be no advertising of the products as state approved.

Be advised that the department is not a testing agency and that this determination reflects only a review of the information submitted by you for compliance with Florida Statutes and Florida Administrative Code. The product evaluation does not investigate the validity of performance claims by manufacturers. For this reason, departmental acceptance must not be interpreted as certifying effectiveness, endorsing or recommending use of an additive.

Certified Letter: 7001 1140 0002 1539 0486

Raymond Kane  
President  
Septech Industries, Inc.  
1799 7<sup>th</sup> Avenue North  
Lake Worth, FL 33461

Dear Mr. Kane:

This letter is in response to your request concerning the status of the family of products manufactured by "Septech" for statewide use in Florida. No product sold in the state for use in onsite sewage treatment and disposal systems may contain any substance in concentrations or amounts that would interfere with or prevent the successful operation of such system, or that would cause discharges from such systems to violate applicable water quality standards, section 381.0065(4)(m), Florida Statutes.

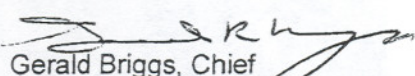

The department had determined on December 3, 2001 the listed products below to be in compliance with s. 381.0065(4)(m), F.S. and has no objection to the use of the products in accordance with manufacturer's formulation and allowable application rate of 0.2 grams per liter. Please be advised that all rules pertaining to the use of the products shall be observed and that there shall be no advertising of the products as state approved.

Products in compliance:

Septech 2000 (Plus), Septech 2000 (Plus) Septic System and Drain Maintenance,  
Septech 2000 ST (Plus) Septic Tank Treatment, Septech 2000 (Plus) RV,  
Septech 2000 (Plus) Marine, Septech 2000 DM (Plus) Drain Maintenance,  
Septech 2000 GT (Plus) Grease Trap and Drain Treatment, Septech 2000 Microbial Floor Cleaner  
Enspor Block II B

Be advised that the department is not a testing agency and that this determination reflects only a review of the information submitted by your company for compliance with Florida Statutes and Florida Administrative Code. The product evaluation does not investigate the validity of performance claims by manufacturers. For this reason, departmental acceptance must not be interpreted as certifying effectiveness, endorsing or recommending use of an additive. The Florida Department of Health also does not assume liability for any promise, guarantee or expectation from purchasing or using an additive. The department reserves the right to withdraw acceptance if product formulation or ingredients are modified after product evaluation by the department or subsequently found not to be in compliance with rule. This letter of product compliance is limited to Department of Health jurisdictional circumstances as defined in Chapter 64E-6, Florida Administrative Code and Chapter 381.0065, Florida Statutes.

Sincerely,

  
Gerald Briggs, Chief  
Bureau of Onsite Sewage Programs
